

Mid Atlantic Micro-Nano Alliance Newsletter - March (Lion) Edition

[2nd Annual Nanomaterials Symposium](#)

MAMA is happy to announce that it is once again sponsoring this event and giving away a FREE IPOD NANO during the raffle following the poster session. [Please register NOW!](#)

The Nanomaterials Symposium, hosted by the Johns Hopkins University Applied Physics Laboratory (JHU/APL) Applied Nanotechnology Community of Practice, an APL organization dedicated to knowledge sharing, and the JHU/APL Science and Technology Business Area, will highlight novel nanomaterials and their applications. The purpose of the symposium is to reach out to scientists, engineers, and other interested parties in the mid-Atlantic regional area to foster collaborations and information exchange. The symposium includes a concurrent poster session providing students in the area an opportunity to showcase their research.

When: Monday, March 14th, 2011

Why: Come to hear stimulating talks and network with speakers, attendees, and sponsor panelists - including a special session for students on post-doc/internship opportunities

Cost: \$25, free for students, lunch included

AWARDS, FELLOWSHIPS & GRANTS

[IEEE-USA 2012 Government Fellowships](#) - Each year, IEEE-USA sponsors three government fellowships for qualified IEEE members. The fellows - chosen by the IEEE-USA Government Fellows Committee and confirmed by the Board - spend a year in Washington serving as advisers to the U.S. Congress and to key U.S. Department of State decision-makers. Known as either a Congressional Fellowship or an Engineering & Diplomacy Fellowship, this program links science, technology and engineering professionals with government, and provides a mechanism for IEEE's U.S. members to learn firsthand about the public policy process while imparting their knowledge and experience to policymakers. 2012 Application materials are now available. Deadline is 18 March 2011.
